

EDENS COVID-19 Community Safety Actions

We are partnering with local health authorities to stay on top of this rapidly evolving situation.

We have actively implemented practices driven by directives from the Centers for Disease Control and Prevention (CDC).

In addition to implementing CDC-recommended cleaning procedures, we have undertaken several additional measures:

- CDC-recommended hand-sanitizing stations throughout
- Posted additional signage reminding employees of safe hygiene practices
- Additional cleaning staff to address high traffic areas with CDC recommended cleaning agents
- Open collaboration with our retailer partners to reinforce training and best cleaning and social distancing practices

We will remain vigilant and will continue to go above and beyond to protect the health and safety of our communities.
