Notice of Right of California Residents to Opt-Out of the Selling and Sharing of Your Information

While we do not sell or share your personal information in exchange for money, we may sell or share your personal information for other valuable consideration. **You have the right to tell us NOT to sell or share your personal information.** You have the full and free right to opt-out of our disclosure of your personal information to any third parties where the disclosure constitutes “selling” or “sharing” as defined by the California Privacy Rights Act. You may exercise your right to opt-out without fear of discrimination for doing so. To opt-out of our selling or sharing of your information, meaning, we will not disclose your information to third parties for any monetary or other valuable consideration, you can do any of the following:

- Email HR@edens.com to opt-out. Please put “**Do Not Sell or Share My Personal Information**” in the subject of the email.
- If you are unable to submit an opt-out through the above method, please call our toll-free privacy line at (800) 662- 7212 for assistance and a representative will assist in meeting your needs.

You can have an authorized agent submit a request on your behalf. To submit an opt-out through use of an authorized agent, you must provide that agent with written permission signed by you to submit an opt-out on your behalf, except when using an opt-out preference signal. The authorized agent may call our toll-free privacy line at (800) 662- 7212 to make the opt-out request and for directions for submitting the proof of authorization and the authorized agent’s proof of identification to the Company. We maintain the right to deny any request from an authorized agent that does not submit sufficient proof that they have been authorized by you to act on your behalf.

A request to opt-out need not be a verifiable consumer request. However, we may deny a request to opt-out if we have a good faith, reasonable, and documented belief that a request to opt-out is fraudulent. If we deny your request to opt-out, we shall inform you of our decision not to comply and provide an explanation as to why we believe the request is fraudulent.

Opt-Out Preference Signals

Opt-out preference signals provide consumers with a simple and easy-to-use method by which to exercise the right to opt-out of the selling and sharing of their information. Global Privacy Controls (GPC) is a user-enabled opt-out preference signal which can communicate a user’s “Do Not Sell or Share” request on behalf of the person or device. We will process opt-out preferences from GPC signals which are in formats commonly used and recognized by businesses, such as an HTTP field header. We will treat a consumer’s use of GPCs as a valid request to opt-out of the selling and sharing of information for that browser. We currently do not connect browser use to particular consumers and, as such, you will need to use GPCs on all browsers in which you access our website and use our opt-out form to opt-out of offline sales.

Do Not Track (DNT) is a privacy preference that users can set if they do not want web services to collect information about their online activity. We do not respond to DNT signals or other mechanisms (with the exception of GPCs) that provide a choice regarding the collection of personal information about activities over time and across different websites or online services. We encourage users who have DNTs to use GPCs.

We do not] and will not] use or disclose your sensitive personal information for purposes other than the following:

1. To perform the services or provide the goods reasonably expected by an average consumer who requests those goods or services.
2. To detect security incidents that compromise the availability, authenticity, integrity, and confidentiality of stored or transmitted personal information.
3. To resist malicious, deceptive, fraudulent, or illegal actions directed at the business and to prosecute those responsible for those actions.
4. To ensure the physical safety of natural persons.
5. For short-term, transient use.
6. To perform services on behalf of the Company.
7. To verify or maintain the quality or safety of a product, service or device that is owned, manufactured, manufactured for, or controlled by the Company, and to improve, upgrade, or enhance the service or device that is owned, manufactured by, manufactured for, or controlled by the Company.
8. For purposes that do not involve inferring characteristics about the consumers, contractors, and applicants.

Retention of Personal Information

We will retain each category of personal information in accordance with our established data retention schedule as indicated above. In deciding how long to retain each category of personal information that we collect, we consider many criteria, including, but not limited to: the business purposes for which the Personal Information was collected; relevant federal, state and local recordkeeping laws; applicable statutes of limitations for claims to which the information may be relevant; and legal preservation of evidence obligations.

We apply our data retention procedures on an annual basis to determine if the business purposes for collecting the personal information, and legal reasons for retaining the personal information, have both expired. If so, we will purge the information in a secure manner.

Third Party Vendors

We may use other companies and individuals to perform certain functions on our behalf. Examples include administering e-mail services and running special promotions. Such parties only have access to the personal information needed to perform these functions and may not use or store the information for any other purpose. Subscribers or site visitors will never receive unsolicited e-mail messages from vendors working on our behalf.

Business Transfers

In the event we sell or transfer a particular portion of its business assets, information of consumers, contractors and applicants may be one of the business assets transferred as part of the transaction. If substantially all of our assets are acquired, information of consumers, contractors and applicants may be transferred as part of the acquisition.

We will notify you when this has been completed by mail or electronically, at your option.

A request to limit need not be a verifiable request. However, we may deny a request to limit if we have a good faith, reasonable, and documented belief that a request to limit is fraudulent. If we deny your request to limit, we shall inform you of our decision not to comply and provide an explanation as to why we believe the request is fraudulent.

If You Have an Authorized Agent:

If you are a California resident, you can authorize someone else as an authorized agent who can submit a request on your behalf. To do so, you must either (a) execute a valid, verifiable, and notarized power of attorney or (b) provide other written, signed authorization that we can then verify. When we receive a request submitted on your behalf by an authorized agent who does not have a power of attorney, that person will be asked to provide written proof that they have your permission to act on your behalf, and we will also contact you and ask you for information to verify your own identity directly with us and not through your authorized agent. We may deny a request from an authorized agent if the agent does not provide your signed permission demonstrating that they have been authorized by you to act on your behalf.

Other California Privacy Rights

The California Civil Code permits California Residents with whom we have an established business relationship to request that we provide you with a list of certain categories of personal information that we have disclosed to third parties for their direct marketing purposes during the preceding calendar year. To make such a request, please send an email cdavis@edens.com, or write to us at the address listed below. Please mention that you are making a “California Shine the Light” inquiry.
